

CERTIFICATE

Coding with laser ablation

Part A

Herewith it is certified that Data Matrix Codes produced using the Videojet CO₂ laser, type 3340, wavelength $\lambda = 10.6 \mu\text{m}$, and testing in accordance with PTS Method PTS-DF 105/2019 "Testing of the coding of folding boxboard by the laser ablation method" on the paperboard grade of the manufacturer

MM KOLIČEVO d.o.o. Alaska Kraft

achieve full compliance with the requirements of the FFPI Technical Information Sheet FFPI-SP 08/2024 "Pharmaceutical paperboard, Specification", Section 2.6 "Subsequent coding" and in particular Section 2.6.4 "Laser ablation method".

Part B

Herewith it is certified that the DataMatrix codes are resistant to aging and the requirements of the FFPI specification FFPI-SP 08/2024 "Pharmaceutical paperboard, Specification", Section 2.6.5 "Resistance" are met.

This certificate is based on PTS Test Report No. 43246 dated 21 June 2024.

This certificate shall expire and cease to have effect on 20 June 2026. The "Rules for the Issuance of Certificates" dated 18 November 2019 apply.
